Narayan Nagbali Pooja in Trimbakeshwar:

Narayan Nagbali Pooja is performed to address two separate issues:

- **Narayan Bali** is for appeasing the souls of ancestors who may have met unnatural deaths or whose last rites were not properly performed.

- **Nagbali** is to seek forgiveness for killing a snake, especially a cobra (which is considered sacred in Hinduism).

This powerful combination ritual is only performed at a few select temples in India, with Trimbakeshwar being the most prominent. The pooja requires strict adherence to Vedic procedures and is typically completed over three days. Contact: **+91 7030300080**
